Betsy's Flowers

Flowers	Ageratum: Blue Horizon (4 pack)	The tight blue flower clusters are 1 1/2-3" across and are long-lasting for bouquets. Ageratum is also known as flossflower or blue mink. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com .	\$3.50
Flowers	Basil: Aromatto (3" pot)	Aromatto has sturdy purple stems, dark purple flower bracts, and purple-green bicolor foliage. Use as a filler, accent, or edible flower. Scent is similar to Cinnamon basil. Spicy flavor. Sweeter-tasting than Genovese basil. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com .	\$3.50
Flowers	Basil: Mrs.Burn's Lemon (3" pot)	Very bright green, 2 1/2" long leaves with white blooms make this basil both attractiv This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com .	\$3.50
Flowers	Calendula: Kinglet Formula (4 pack)	Clean, crisp flowers in bright and cheery colors. A stunning mix of orange, yellow and a stunning apricot color. 25" tall This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com .	\$3.50
Flowers	Calendula: Resina (3" pot)	Annual. Bright yellow medium-sized daisies with an occasional orange bloom, just to keep things lively! This variety has the highest concentration of resins of any known type, which makes it the most potent for any of calendula's many herbal uses! The yellow flowers also make a renowned yellow traditional dye.	\$3.50
Flowers	Calendula: Zeolights (3" pot)	Pinky-maroon backing shows through the yellow petals to lend a pink tinge to the familiar calendula-yellow. Dark centers accentuate the color contrast. A Morton original. Annual. Especially attractive to pollinators.	\$3.50
Flowers	Centaurea: Bachelor Buttons (4 pack)	Upright plants produce abundant double and semidouble, 1-1 1/2" blooms. Prefers cool temperatures. Also known as cornflower, garden cornflower, and bachelor's buttons. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com .	\$3.50
Flowers	Cosmos (Dwarf): Rubinato (4 pack)	Super dwarf red cosmos! The color is the very best of the burgundy-magenta that makes cosmos so endearing in the summer garden—varying tones from medium to super-deep. The single blooms have very wide petals; the overall effect is reminiscent of richly pleated silk. The 18-24-inch plants are compact, never lanky. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com .	\$3.50

Flowers	Cosmos (Dwarf): Xanthos (4 pack)	“Xanthos” means “yellow” in Greek. This one comes in a focused range of pale ivory to soft butter-yellow tones--absolutely new in Cosmos. No wonder it won a Fleuroselect medal! Single flowers are very large and elegantly showy. Dwarf plants, early and productive, are equally valuable in the landscape, in containers on porches and patios, or cut. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Cosmos: Double Click (4 pack)	Tall plants with large, fully-double and semidouble blooms. Shades of carmine, pink, and white make this a great cut flower and garden addition. Cosmos are also known as garden cosmos. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Cosmos: Versailles (4 pack)	Early blooming and vigorous. Produces under short days and is also suitable for greenhouse culture during the winter. Strong stems can withstand considerable handling. Blooms are 2 1/2" across in shades of blush pink, pure white, carmine red, and pink with a deep pink eye. Cosmos are also known as garden cosmos. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Echinacea: Purpurea (3" pot)	The easiest Echinacea to grow — germinates without stratification. Vigorous plants with large, purple-petaled flowers. Fibrous roots are easy to harvest (other species have taproots). Attracts and is a food source for bees. Also known as purple coneflower and eastern purple coneflower. Normally grown for 3–4 years for harvest of sizeable roots. Perennial in Zones 3–10. Ht. 24–36" This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Gomphrena: Purple (4 pack)	1 1/2" blooms on long stems. Also known as globe amaranth and common globe amaranth. Ht. 18–20" This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Gomphrena: Strawberry Fields (4 pack)	Brilliant flowers, 1 1/2" across, atop strong stems. Plants are very productive. Holds color exceptionally well when dried. Also known as globe amaranth and Rio Grande globe amaranth. Ht. 18–24". This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Lavender: Lavance Deep Purple (3" pot)	The deepest purple-blue flowers available in a lavender that does not bleach out in the sun! This first year flowering perennial produces floriferous well-bulked plants that produce multitudes of flowers. Although it's best for summer production under longer days and higher temperatures, Lavance Deep Purple can also be scheduled for traditional overwintering production. 12-15" This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50

Flowers	Marigold: Durango Outback (4 pack)	Highly branching plants. A good choice for packs, pots, and garden planting. Bloom size is 2–2 1/2". Attracts beneficial insects such as hoverflies. Also known as French marigold. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Marigold: White Swan (4 pack)	2–3" cream-colored, fully double, uniform blooms borne on productive, sturdy, uniform plants. High-quality blooms produce a mild, sweet marshmallow fragrance, without the typical strong marigold scent. More compact plants than those from the Giant and Coco™ marigold series. White Swan is significantly taller and higher quality than all other white marigolds in our trials. Also known as African marigold, American marigold, and Aztec marigold This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Milkweed: Butterfly Weed (3" pot)	Asclepias tuberosa. Perennial Hardy native North American Milkweed, absolutely essential to the survival of Monarch butterflies, Showy orange flowers. Handle with caution as sap is poisonous if ingested in large quantities and contact with skin may cause irritation. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Rudbeckia: Cherokee Sunset Mix (4 pack)	4–5" blooms of orange, golden yellow, bronze, chocolate, and various bicolors are produced all summer long. Plants produce mostly double blooms and some singles and semidoubles. Also known as blackeyed Susan and gloriosa daisy. Tender perennial in Zones 9–10. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Rudbeckia: Prairie Sun (4 pack)	4–6" blooms have golden petals with primrose tips surrounding a green center. Blooms freely on vigorous plants. A wonderful cut flower. Seed has been film-coated for ease of sowing. Certified organic growers, please check suitability with your certifier. Also known as blackeyed Susan and gloriosa daisy. Tender perennial in Zones 9–10. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Sage: Extrakta (3" pot)	High essential oil content of 1.5–2.0%. Robust, uniform plant. Also known as garden sage. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Salvia: Blue Bedder (3" pot)	This hardy sage has a delicate, silver-blue color all its own. The flower spikes are slender but almost 12 in. long. Plant in spring or fall for bloom the following summer. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50

Flowers	Scabiosa: Mix (4 pack)	Sturdy, uniform, annual Scabiosa mix in a wide range of colors. 1 1/2–2 1/2" blooms. Formula mix of black, blue, creamy yellow, pink, bright red, deep blue, salmon rose, and pure white. Also known as mourningbride. Ht. 24–36". This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Snapdragons (Dwarf): Tequila Sunrise (4 pack)	Annual. A punchy mix of bright colors makes this an exciting focal point of the garden or bouquet. The vibrant pinks and yellows are so pleasing to the eye contrasted with the very dark green, almost black, foliage. Bushy plants do not exceed 18 inches tall. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Snapdragons: Potomac (4 pack)	Selected mix for improved uniformity of bloom time and stem length. Group 3–4: considered a "main season" or "all season" variety. Mix contains appleblossom bicolor, cherry rose, royal, yellow, white, red, orange, lavender, and pink. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Snapdragons: Rocket (4 pack)	Flowers well under long days. Tolerates light frost. Group 3–4: considered a "main season" or "all season variety". Mix includes rose shades, cherry, pink, orchid, red, golden, lemon, and white. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Tithonia: Mexican Sunflower (4 pack)	Late-season cut flower attracts beneficial insects. Blooms midsummer until first hard freeze, providing bright, 3–3 1/2" flowers well into fall. Most plants produce orange, with a small percentage producing red or yellow blooms. Vigorous and full plant habit. Performs well in hot, dry climates. Native to Central America and Mexico. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Flowers	Yarrow: Colorado Mix (3" pot)	Long-lasting perennial. 2-4", flat-topped flower heads in shades of red, rust, beige, rose, yellow, apricot, and white on 24" stems. Use Colorado fresh as a cut flower, adding drama to bouquets with the added benefit of a long vase life. Decorative, fern-like foliage. When dried, the color is retained. Low-maintenance. Perennial in Zones 2-9. • Attracts and supports beneficial insects such as damsel bugs, lacewings, lady beetles, and parasitic wasps. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50

Flowers	Zinnia: Benary's Giant Mix (4 pack)	The premium zinnia. Recommended by the Association of Specialty Cut Flower Growers. Vigorous all-season producers hold up well in summer rain and heat all over the country. Densely petaled blooms are up to 6" across. Long-lasting standouts in bouquets. Colors include: deep red, orange, carmine rose, coral, lime, wine, purple, bright pink, white, salmon rose, scarlet, and golden yellow. Ht. 40–50" This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Herbs	Dill: Bouquet (4 pack)	Early flowering plants produce large blooms, seed umbels, and foliage on long stems, making Bouquet the preferred dill for cut flower use and pickling. Also an economical, fast-growing choice for baby-leaf production. Edible seeds, flowers, and greens flavor many foods. Popular addition to sauces, salads, and soup. Foliage known as dill weed. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50
Herbs	Thyme: German Winter (4 pack)	The standard winter-hardy thyme with good flavor and yield. Classic culinary and ornamental herb. Small, round to needle-shaped evergreen leaves on woody stems. Mulch in cold winter climates. Perennial in Zones 5-8. This plant is produced by Betsy's Flowers. For plant specific questions, please email bdorbian@yahoo.com.	\$3.50

Horn Farm Center

Cucumbers & Squash	Cucumber: Marketmore (3" pot)	Long, slender, and dark green. One of the standards in terms of a slicing cucumber. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Cucumbers & Squash	Cucumber: Northern Pickling (3" pot)	Medium green fruits bear early, and set heavily on short, space-saving vines. Fertilize well and pick frequently at a small size to maintain good color and fruit shape. Developed in Maine. Black spine. High resistance to scab. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.highmowingseeds.com/ .	\$3.50
Cucumbers & Squash	Summer Squash - Yellow Zucchini: Yellowfin Golden (3" pot)	A hybrid yellow zucchini with powdery mildew resistance. Uniform, cylindrical fruits; attractive golden-yellow color. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Cucumbers & Squash	Summer Squash - Zucchini: Dunja (3" pot)	An early, powdery mildew resistant hybrid. A high yielder of dark-green, straight zucchinis. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Eggplant	Black Beauty (3" pot)	Fruit makes a good boat for stuffing. For best quality, harvest before its glossy, dark skin begins fading to dull purple. Keep well watered and harvest early to encourage more production. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Flowers	Alyssums (4 pack)	Alyssums are a great choice if you want a low growing, trouble-free beneficial insect attractor! This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50

Flowers	Coneflower - Purple (3" pot)	Excellent, long-blooming flower for massing in the border, meadow, native plant garden, naturalized area, wildflower garden, or a partly shady area of a woodland garden. Purported to help strengthen the immune system. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Flowers	Gravel root (3" pot)	Also called Joe-Pye, this is a favorite at the Horn Farm and a favorite for lots of pollinators! An herbaceous perennial native to the central, eastern and southern US. Plant prefers full sun or partial shade and very moist soil. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Flowers	Milkweed - Common (3" pot)	<i>Asclepias syriaca</i> . The hardy native Milkweed essential to the survival of Monarch butterflies. Mature butterflies feed on the nectar produced in the flowers, while the foliage provides food for their larvae. The brilliant orange and yellow flowers are showy in massed plantings. The three-foot plant is native throughout the eastern and southern regions of the country. Very durable and long-lived once established. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Flowers	Sunflower - Teddy Bear (4 pack)	A dwarf sunflower, this early variety has branching that can host 3-5" sunny, shaggy blooms. Great for containers and popular with children! Minimal pollen. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Greens	Collards: Tiger & Vates (4 pack)	24-36" tall. Rich blue-green cabbage-like leaves. Plants are bolt resistant, productive and hardy. Waxy leaf surface provides natural protection from cabbage worms. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Greens	Kale (Mixed varieties) (4 pack)	A mixture of smooth and curly leaved kale varieties. Harvest lower leaves regularly to extend the season. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Greens	Spinach: Space (4 pack)	Medium dark green leaves are upright and smooth to slightly savoyed. High resistance to downy mildew. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50

Greens	Swiss Chard: Bright Lights (4 pack)	Lightly savoyed, green or bronze leaves with stems of gold, pink, orange, purple, red, and white with bright and pastel variations. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Herbs	Anise Hyssop (3" pot)	Anise Hyssop (<i>Agastache foeniculum</i>). Tender Perennial and somewhat reliable self-seeder. Great pollinator. Long lasting flowers. Easy to save seed. Leaves, flowers, seeds are all edible. This herb has many uses. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Herbs	Basil: Genovese (3" pot)	One of the best Basils for pesto. Extremely tender and fragrant with a superb taste. 18-24 inches tall. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Herbs	Basil: Holy (3" pot)	The Hindu people worshiped and revered this plant. Pungent aroma with many medicinal properties. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Herbs	Basil: Thai Sweet (3" pot)	The most frequently used basil in Thai dishes. Often sold as or called "Anise Basil" or "Licorice Basil" because of it's sweet, licorice-like flavor that goes particularly well in curries, stir fries and other main dishes. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Herbs	Blue Hyssop (3" pot)	Easy to grow. Showy dark blue flowers spike in summer and fall. Medicinally it is used as a gargle for sore throats. Tasty in smaller amounts in salads, soups and stews. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Herbs	Borage (3" pot)	Borage provides the gardener with cucumber-flavored leaves for tea or bright starry-blue flowers for decorating a salad. All of the parts of the plant, except roots, are flavorful and have culinary or medicinal use. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50

Herbs	Bronze Fennel (3" pot)	Bronze Fennel (<i>Foeniculum vulgare</i>). Perennial. Excellent culinary and tea herb. Easy to save seed and maintain. Mature Height 5-6 inches. A prized host plant for the Eastern Black Swallowtail butterfly and caterpillar. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Herbs	Chamomile - Common (3" pot)	Small, sweet smelling, daisy like flowers. Tea made from flowers aids digestion and acts as a gentle sleep inducer. Also known as German Chamomile. Flowers also used to garnish salads, desserts, and drinks. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	Chervil (3" pot)	Chervil grows best in the cooler weather of Spring and Fall. The mild licorice/anise flavor makes a nice addition to salads. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Herbs	Chives - Garlic (3" pot)	Used since ancient times this herb-like perennial forms an attractive border in the garden. Use in salads, stews, and stir fries. Will self seed. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	Chocolate Mint (3" pot)	A beautifully dark, peppermint-like cultivar. Incredibly aromatic, easy to harvest and has beautiful flowers that attract many insects. Great for tea. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	Cutting Celery (3" pot)	Leafy herb with a bold flavor. Used fresh in salads, cooked in soups, stews, and with other mixed veggies. Also known as Leaf Celery. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Herbs	Elecampane (3" pot)	Herbaceous perennial. Giant plant bearing handsome, yellow flowers. Harvest the octopus-like roots in the fall of the second year's growth. The plant is processed to yield a blue dye. Plant prefers part shade and evermoist soils, although full sun will be tolerated. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50

Herbs	Evening Primrose (3" pot)	Self-seeding overwintering annual or biennial. Very drought tolerant, bravely producing bloom after yellow, mucilaginous bloom in the evenings, even if sunbaked. The flowers especially make a tasty addition to salads. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Herbs	Feverfew (3" pot)	This herb produces pretty daisy-like flowers and is used by many for migraines and as a digestive aid. Also used to repel insects. Easy to grow. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	High Mallow (3" pot)	Herbaceous biennial or perennial growing to 3ft. Native to Europe and Asia. The leaves and flowers of this herb can be steamed or added to stews. Transplant 1-2 feet apart. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Herbs	Horehound (3" pot)	A flowering plant somewhat resembling mint. Syrup made from the leaves is a remedy for coughs and is often used in lozenges. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://strictlymedicalseeds.com/ .	\$3.50
Herbs	Lemon balm (3" pot)	This is a classic tea herb. Prefers full sun or shade; normal garden soil and minimal water. Plant 1 to 2 feet apart. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Herbs	Lemongrass (3" pot)	A tropical herb packed with a strong citrus flavor. Prized in Asian cooking as well as being used in teas, sauces and soups. Lemongrass forms a tall, grassy clump 3 to 5 feet tall. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	Lovage (3" pot)	Young leaves taste like celery with a hint of anise or spice. Used in salads or dishes with potatoes, rice and chicken. Young stems and roots are also edible. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50

Herbs	Marshmallow (3" pot)	The original source of an Egyptian confection which evolved into today's marshmallows. The roots and velvety leaves have been eaten as a vegetable for centuries, often fried with onion and garlic. 3-4 foot stems of 1-2 inch, white-to-pink flowers are reminiscent of hollyhocks, to which this plant is related. The plant is also renowned in various folk cultures for its reputed medicinal properties. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	Monarda (fistulosa) (3" pot)	Perennial zones 4-9. Also known as Bee Balm and/or Wild Bergamot this wildflower is native to North America and is a popular pollinator. The aromatic foliage is reminiscent of oregano and the flowers range in shades of earl grey to lavender and pink. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Herbs	Monarda (Lemon Bee Balm) (3" pot)	Annual. Lemon-flavored variety. Superb tea plant; striking pink-purple flowers. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Herbs	Motherwort (3" pot)	An herbaceous perennial plant in the mint family. Originally from Central Asia and southeastern Europe, it was introduced to North America as a bee foraging plant and to attract bumble bees. Highly dispersive! This plant prefers well drained soil and a partly shady location. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Herbs	Mountain Mint (3" pot)	Strongly scented and pungent. Is used culinarily and medicinally. Use fresh or dried leaves. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Herbs	Mullein - Common (<i>V. thapsus</i>) (3" pot)	A truly awesome pioneer plant. Prefers full sun to part shade. Will do well in garden beds or poor soil in abandoned fields. A biennial that will flower in the second year and might self-sow. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://strictlymedicinalseeds.com/ .	\$3.50
Herbs	Mullein (<i>V. densiflorum</i>) (3" pot)	The "dense-flower" Mullein. An amazingly rugged plant that is well suited for gravel and rock gardens. A biennial you can expect a tall stalk and dense flowers in the second year. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50

Herbs	Parsley: Moss Curled (4 pack)	A dark green, tightly curled variety that can be used many ways; for garnishes, salads, and cooking. It performs well in containers and the field, allowing for multiple cuttings per season from one planting. Upright leaves make harvesting easy This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Herbs	Peppermint (3" pot)	A perennial that spreads via its roots. Has many uses including a calming effect. Believed to aid in digestion and sooth the stomach. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://strictlymedicalseeds.com/ .	\$3.50
Herbs	Sage - Black (3" pot)	Blue-flowered and highly aromatic. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://strictlymedicalseeds.com/ .	\$3.50
Herbs	Sage - Scarlet (3" pot)	Perennial, usually grown as an annual. Branched plant to 2 feet tall, making a lovely mound of gray-green foliage even before the blooming season. Flower spikes are insanely showy, each one four inches or so in length, covered with rich scarlet tubular flowers over a very long season This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://strictlymedicalseeds.com/ .	\$3.50
Herbs	Sage - White (3" pot)	Used to make the smudge sticks common in Native American ceremonies. Bushy plants with thick stems and dusty gray-green foliage. Tender perennial in Zones 6-9 This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://strictlymedicalseeds.com/ .	\$3.50
Herbs	Saint John's Wort (3" pot)	3 to 4 feet. Flowers yellow. First year it creeps and crawls, and second year it sends up multiple stiff stems that flower yellow in midsummer. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	Self-Heal (3" pot)	Latin name: <i>Prunella vulgaris</i> . The young leaves and stems can be eaten raw in salads. The plant in whole can be boiled and eaten as a potherb and the aerial parts of the plant can be powdered and brewed in a cold infusion to make a beverage. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://strictlymedicalseeds.com/ .	\$3.50

Herbs	Shiso - Green (3" pot)	A versatile Asian culinary herb. Distinct flavor and aroma. Used in oriental cooking, sushi and salad mix. The flowers are also used as a flavorful addition to salads. Also known as Perilla. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Herbs	Skullcap (3" pot)	(Mad Dog Skullcap, Virginia Skullcap) Herbaceous perennial native to the US. Plant prefers part shade to full sun and rich, moist soils. Traditional usage: TWM, sleeplessness, anxiety and depression. The plant itself is likable and unassuming, with a multi-stemmed, upright habit, reddish stems and blue flowers protruding sideways at the axils (thus lateriflora, which is very often and incorrectly called laterifolia in the herb industry). Plant prefers fertile, moist soil, part shade to full sun. Sow seed in garden in cool soils of fall or early spring, or give 30 days moist refrigeration by mixing with peat moss, coir or sand in a plastic bag or glass jar in the fridge. Then, sow in warm soil. Germ in 30 days. Thin or transplant to 1 foot apart. Flowers blue/purple to 3 feet tall. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://strictlymedicinalseeds.com/ .	\$3.50
Herbs	Spearmint (3" pot)	A perennial that spreads via its roots. Used widely to flavor drinks, salads, confectionaries, and garnish other recipes. Packed with flavor, vitamins and antioxidants. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	Spilanthes (3" pot)	Grown as an annual, the "Toothache" plant produces beautifully unique flowers that look like a bulls eye. Plant prefers full sun, rich soil and plenty of water. The leaves, and especially the flowers, if eaten, stimulate salivation and produce a numbing/tingling effect in the mouth and on the tongue. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	Stinging Nettles (3" pot)	Herbaceous perennial. Used as a cooked green or for tea. They must be at least slightly steamed to disarm the sting. Rich in trace minerals like potassium. Prefers moist soil in sun or shade. Transplant 1-2 ft apart. Grows 4 feet. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50

Herbs	Summer Savory (3" pot)	Often compared to marjoram or thyme, summer savory has a spicy aroma and pungent, peppery flavor . Used for flavoring fresh and dry beans, cabbage, and sauerkraut. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Herbs	Tansy (3" pot)	A beautiful yellow blooming herb that can help repel insects and may help deter ants and mice. Works better when made into a tea and sprayed around the yard. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	Tarragon (3" pot)	A popular perennial that is great for flavoring fish dishes, salads, and vinaigrettes. Tarragon has a slight anise flavor. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Herbs	Yarrow - White (3" pot)	Amazing white flowers born on feathery-like foliage. Very easy to grown. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://strictlymedicalseeds.com/ .	\$3.50
Miscellaneous	Alexandria Strawberry (3" pot)	These Alpine strawberries are great for an easy landscaping plant that also offers gourmet snacking! Though much smaller than the standard Strawberry, these little fruits pack a ton of flavor. Compact plants that produce few runners, making them suitable for rock gardens, path edgings, pots, and window boxes. They begin producing the second spring, sometimes the first fall. Grows best in Zones 5-8. Perennial. *From Johnny's: "Encourage the plant to put its energy into becoming established by removing all the flower buds for the first 6 weeks after setting out your plants. We also recommend that you remove all the runners during the first year." This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Miscellaneous	Alexandria Strawberry (Full Tray)	These Alpine strawberries are great for an easy landscaping plant that also offers gourmet snacking! Though much smaller than the standard Strawberry, these little fruits pack a ton of flavor. Compact plants that produce few runners, making them suitable for rock gardens, path edgings, pots, and window boxes. They begin producing the second spring, sometimes the first fall. Grows best in Zones 5-8. Perennial. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$25.00

Miscellaneous	Comfrey (5 inch)	Comfrey is a perennial plant that grows to a height of 1-3 ft. It has a dark, turnip-like root and large, hairy broad leaves. Although this plant will bear small bell-shaped, purplish flowers, this variety is sterile and will not spread via seed. It is a slow, clumping variety. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$5.00
Miscellaneous	Jerusalem Artichokes (5 inch)	The sunchoke, also known as Jerusalem artichoke, sunroot, earth apple, or topinambour, is a species of sunflower native to eastern North America. Prolific, tuberous roots are edible. These will spread very quickly so design accordingly. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$5.00
Miscellaneous	Okra: Clemson Spineless (4 pack)	The standard variety in the South. Cream-colored flowers are also edible. Pick when young and still very tender. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50
Miscellaneous	Rhubarb: Victoria (3" pot)	Victoria is well-adapted to most regions and is widely grown commercially. Grows best in Zones 4-8. Excellent cooking quality in this early, abundant producer. The large, tender, rosy-red stalks gradually turn to pink and then solid-green towards the tip. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Peppers (Hot)	Black Hungarian (3" pot)	Ornamental and delicious Hungarian heirloom pepper. Unique, black fruit shaped like Jalapenos. Mildly hot with great flavor. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.pepperseeds.eu/ .	\$3.50
Peppers (Hot)	Chinese Five Color (3" pot)	Screaming hot little peppers turn a rainbow of vibrant colors from; purple, cream, yellow, orange to red as they ripen. Great for containers inside. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.pepperseeds.eu/ .	\$3.50
Peppers (Hot)	Fish (3" pot)	A pre-1947 African American heirloom that was used in fish and shellfish cookery. Fruits are a combination of greens, oranges, browns, whites and red. Spicy and hot with attractive variegated foliage. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50

Peppers (Hot)	Habanero (3" pot)	Super hot! This extremely pungent habanero may be used fresh or dried. Key ingredient in Jamaican "jerk" sauces. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://en.wikipedia.org/wiki/Main_Page/ .	\$3.50
Peppers (Hot)	Hinklehatz (3" pot)	Small, hot peppers are shaped like a chicken's heart, which is just what the name means. This historic variety has been cultivated since at least as early as the 1880's. They start out green, ripening in time to a glossy deep red. Used in pickles or for pepper vinegar. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://fedcoseeds.com/ .	\$3.50
Peppers (Hot)	Jalapeno - Craig's Grande (3" pot)	An improved Jalapeno with big, fat fruits that are perfect for making lots of salsa. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Peppers (Hot)	Jalapeno - Early (3" pot)	Cylindrical fruits are of the smaller, traditional size and have more checking than other hybrids. Small plants best for early season plantings for an early crop. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Peppers (Hot)	Jalapeno - Tam (3" pot)	A very tasty, mild Jalapeno. Same flavor but much less heat. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Peppers (Hot)	Pepperoncini (3" pot)	3-5-inch fruit have a superb flavor and just a little heat. Small plants. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Peppers (Hot)	Serrano Tampequino (3" pot)	Traditional Serrano fruits are borne of big plants and offer a long harvest period. The dark green fruits are eaten green but also make fine chipotles if allowed to ripen to red. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Peppers (Sweet)	Corno di Toro (3" pot)	Cornitos are 1-1 1/2" wide at the shoulders and 5" long. They are very early, sweet, and attractive smaller versions of Carmen and Escamillo, with similar maturity. Perfect for grilling and roasting, like their full-size counterparts. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.highmowingseeds.com/ .	\$3.50

Peppers (Sweet)	Iko Iko (3" pot)	Vigorous open habit with good yield and solid fruit set, even under hot conditions. Plants are upright and sturdy. Strong virus resistance. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.highmowingseeds.com/ .	\$3.50
Peppers (Sweet)	Islander (3" pot)	Light lavender skin, pale yellow flesh. Medium sized, thick fleshed peppers with mild, slightly sweet taste. Fruits ripen through a showy stage of violet, yellow and orange streaks, eventually turning a rich, dark red. Hybrid. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Peppers (Sweet)	Jimmy Nardello (3" pot)	This fine Italian pepper was brought over in 1887 and has been grown and enjoyed ever since. A prolific plant with fruits that can be cooked in a little olive oil, grilled, chopped, sauteed with other vegetables, or used raw in salsas and salads. These peppers are also perfect for pickling or drying. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.burpee.com/ .	\$3.50
Peppers (Sweet)	Jupiter (3" pot)	This variety produces green fruit that are a blocky 4.5 x 4.5 inches. They ripen red and get sweet, thick walls. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.highmowingseeds.com/ .	\$3.50
Peppers (Sweet)	King of the North (Red) (3" pot)	This variety produces nice, blocky fruit that are nicely flavored when picked green or red. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Peppers (Sweet)	Lilac (3" pot)	Fruits are a stunning medium lilac-purple. Crisp, juicy, and sweet! Medium-sized fruits start out yellow-green, ripen to purple, finally to red This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Peppers (Sweet)	Orange Bell (3" pot)	A very sweet hybrid. Ripens from green to a beautiful, deep, tangerine-orange color. Big blocky fruits with thick walls are a great source of antioxidants. One of the sweetest of the colored peppers. Try it in salsa, salads, or cooking. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://bonnieplants.com/ .	\$3.50

Peppers (Sweet)	Red Marconi (3" pot)	A late bearing Italian pepper that yields big 7" long tapering fruit. Very sweet. Great for frying or eaten fresh. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://pepperjoe.com/ .	\$3.50
Peppers (Sweet)	Sheepnose Pimento (3" pot)	Gorgeous cheese-type sweet pepper ripening from green to red. Fruits are round, oblate, and stylishly ribbed. Thick walled, crisp, and juicy these fruits keep for a long time when refrigerated. An Ohio heirloom! This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Peppers (Sweet)	Sweet Chocolate (3" pot)	The flesh of this pepper is cola colored and delicious. The medium sized, semi-ball shaped fruit ripens early. Great in salads. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Tomatillos	Purple (3" pot)	This unusual deep purple tomatillo makes an ideal salsa with a sweet/tart flavor. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.highmowingseeds.com/ .	\$3.50
Tomatillos	Verde Pueblo (3" pot)	The sweet, tangy flavor is essential for Southwestern dishes. Fruits the size of small tomatoes are green when ripe and encased in a papery husk. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Tomatoes	Cherry: Matt's Wild Cherry (3" pot)	Copious quantities of small, deep red cherries with exceptional flavor. Matt's keeps producing prolifically when every other tomato in the field is down for the count with early blight. Pick frequently as skin is thin and cracks easily. Trellis or let sprawl and naturalize. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Tomatoes	Cherry: Pink Bumblebee (3" pot)	Excellent sweet flavor. An alluring combination of light pinks, yellows and oranges. A great mix with other artisan varieties. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Tomatoes	Cherry: Pink Tiger (3" pot)	Elongated pink tomato with yellow-orange striping. Great in mixes with the other Artisan varieties. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50

Tomatoes	Cherry: Purple Bumblebee (3" pot)	Excellent sweet flavor. An eye-catching combination of dusky purple and metallic green striping. Great mixed with other artisan varieties. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Tomatoes	Cherry: Riesentraube (3" pot)	Originating in Germany, this heirloom cherry tomato was grown by the Pennsylvania Dutch (who were in fact German) as early as the 1850s. The variety's name, fittingly enough, translates from the German as "giant bunch of grapes". The compact indeterminate plants produce huge clusters of 20-40 red fruits, 1 1/2 x 1 1/2", with rich, meaty flavor. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.burpee.com/ .	\$3.50
Tomatoes	Cherry: White Cherry (3" pot)	Appealing, pale yellow cherry tomato. Subtle, mild flavor. Plants are compact and easy to pick. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Tomatoes	Goldie Ground Cherry (3" pot)	This heirloom is not actually a cherry tomato but rather a ground tomatillo! Originating in Poland these fruits are prized for the clean, sweet and fruity flavor. Some say it has hints of pineapple and vanilla. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.highmowingseeds.com/ .	\$3.50
Tomatoes	Heirloom: Abe Lincoln (3" pot)	Renowned 1923 heirloom with medium-large, red, meaty fruits. Boasts an incredible old-fashioned flavor. Slicer or canner. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Tomatoes	Heirloom: Black Vernissage (3" pot)	The round, 2 ounce fruits are almost black in color. They are perfect for rich tasting sauces. High yielding. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Tomatoes	Heirloom: Copia (3" pot)	Unique large gold fruits with a blend of orange/red and green/red striping. Sweet, juicy flesh is swirled with color throughout. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from Horn Farm Center staff.	\$3.50

Tomatoes	Heirloom: Cosmonaut Volkov (3" pot)	Sweet and tangy fruits are slightly flattened with a healthy red color and moderately green shoulders. Prone to cracking in wet conditions, but not nearly as much as Brandywine. Originally from Ukraine; produces high yields even in cool conditions. Semi-determinate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.highmowingseeds.com/ .	\$3.50
Tomatoes	Heirloom: Indigo Apple (3" pot)	Immature fruits show deep purple, almost black coloration. The 2- to 4-ounce, cherry-type fruit turn red when ripe, have a good, complex yet sweet tomato flavor. Resists sun-scald and cracking, lasting long into cool autumn weather when others have quit. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.highmowingseeds.com/ .	\$3.50
Tomatoes	Heirloom: Japanese Black Trifele (3" pot)	In Russia, these tomatoes are highly prized. A short plant yields prolific quantities of 6oz fruit that look like a mahogany colored Pear with green shoulders. Very tasty flesh and a meaty core. Produces all summer long. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Tomatoes	Heirloom: Mountain Princess (3" pot)	Perfectly rounded fruits with crowd-pleasing mild sweet flavor. Very productive and early; great for short, cool seasons. Determinate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.highmowingseeds.com/ .	\$3.50
Tomatoes	Heirloom: Paul Robeson (3" pot)	This Russian heirloom is slightly flattened and stands apart for its dusky dark red color. Very flavorful fruits with luscious exotic flavors and good acid/sweet balance. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.rareseeds.com/ .	\$3.50
Tomatoes	Heirloom: Pink Brandywine (3" pot)	This heirloom standard dates back to 1885. You will love its superb flavor and luscious shade of red-pick. A large beefsteak-shaped fruit that grows on unusually upright plants. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Tomatoes	Heirloom: Rose de Bern (3" pot)	A heirloom from Switzerland. Beautiful, nicely-shaped 4 to 8oz fruits are a rose-pink and have an excellent sweet flavor. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org . Image sourced from https://www.highmowingseeds.com/ .	\$3.50

Tomatoes	Heirloom: Valencia (3" pot)	Round smooth fruit with a brilliant orange color. Excellent, full, and complex flavor with a good balance of acid and sweet. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org. Image sourced from https://www.johnnyseeds.com/ .	\$3.50
Tomatoes	Heirloom: Yellow Brandywine (3" pot)	Large fruits weighing up to 2 pounds! Excellent flavor and creamy texture. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org. Image sourced from https://www.rareseeds.com/ .	\$3.50
Tomatoes	Paste: Speckled Roman (3" pot)	An heirloom with gorgeous, medium sized, oblong orange-red fruits with wavy yellow stripes and excellent flavor. Very crack resistant. Indeterminate. This plant is produced by Horn Farm Center. For plant specific questions, please email farmmanager@hornfarmcenter.org. Image sourced from https://www.johnnyseeds.com/ .	\$3.50
